Southend-on-Sea General Hospital

ANNUAL REPORT FOR THE YEAR ENDING 31st DECEMBER, 1939.

The Board have the honour to present their seventh Annual Report.

STATISTICS.

The statistical tables for the year are divided into two parts: from January to 31st August, and 1st September to 31st December—peace and war, but for convenience they have been summarized as below:—

			1936	1937	1938	1939
Patients treated:						
In-patients	4,524	4,663	5,057	4,976
Out-patients:						
New cases	17,854	18,804	20,810	19,249
Attendances	69,624	68,413	81,027	81,261
Average stay of general ward						
patients (in days)	16.54	16.11	15.29	14.58
Average number of beds occu-						
pied daily	204.50	206.50	214.61	202.16
Private Wards:						
Number of patients	380	398	396	339

Had the year been completed in peace there is no doubt at all that there would have been a record number of cases treated in the Wards and as out-patients. The addition of the 20 balcony beds had brought about the desired result—a reduction in the waiting list and greater freedom in admitting “emergency” cases. The increase in new out-patients up to the outbreak of war is a general index of the increased use being made of the Hospitals facilities. Governors are requested to examine the statistical tables published in the report, and it

is specially interesting to observe that even after the war broke out the attendance at out-patients was about 80% of the normal, a fact which surprised a good many people who thought that the population of Southend had largely dispersed.

It is common knowledge that patients fit to travel were sent home from the Hospital just before the outbreak of war, and only 43 remained on 1st September. The plans for the reception of casualties up to a limit of 408 emergency beds were put into operation, and admissions to the wards restricted to urgent cases, but no out-patient or special department was closed. Before long the number of in-patients rose to 100; by the middle of October the average was about 150, and since then it has again risen to nearly 200, around which figure it is expected to remain unless the Government makes a demand for casualties or Service sick in large numbers.

There is obviously little purpose in attempting to make further comparisons with previous years.

FINANCE.

Here again comparison is very difficult, but it is thought that had there been no war—or threat of war—the income would have balanced expenditure, a feat only once before accomplished. As it was, the Carnival Association made a magnificent effort, but the receipts fell short of previous years, a great deal of income was lost whilst the admissions were restricted, particularly in the Private Wards, and a number of money-raising events were cancelled altogether. On the other hand, the Government carried out their promise to meet the cost of providing the casualty service. Payments made during the year more than covered the deficit, but as they were intended to cover a longer period than that ending on 31st December, the amount has been carried to a suspense account.

The year ahead will be specially difficult, for an all-round increase in prices of hospital supplies as well as essential food-stuffs may be accompanied by a falling general income. To what extent the payments the Government make for services rendered will redress the difference is too speculative at the

present moment to hazard an opinion. What is certain is voluntary financial support should be maintained in undiminished volume.

THE HOSPITAL IN WAR-TIME.

At the time of the preparation of this report visitors would notice little change in the appearance of the Hospital in day-time, except for the sandbag revetments. Altogether 86,000 sandbags were used, and as a result of careful treatment, are standing up very well. At night the Hospital is effectively blacked out, but inside the lighting is practically normal, both in the wards and in the Nurses Home and other quarters. Disadvantages, such as lack of ventilation, have been overcome by ingenious and inexpensive devices, and on the whole neither the patients nor staff have suffered serious inconvenience. New store-rooms have been built and minor improvements carried out with the object of giving the utmost facility to the Hospital's rapid transformation into an Emergency Hospital of 408 beds. The extra beds supplied by the Government are prepared ready in the ward annexes, and it would be a matter of minutes only before the greater number of them could be brought into use.

MEDICAL STUDENTS.

On the outbreak of war twelve students from the London Hospital were allocated as "dressers," and formed part of the Government's Emergency Medical Service Scheme. The Staff immediately organised an educational system and before long on a request from the London Hospital Medical College, the number was increased, and a complete syllabus of studies with a full range of clinical instruction was put into operation. All the London Teaching Hospitals had reduced their beds to a minimum, their Staffs were dispersed throughout the Sectors, and it was to Hospitals such as ours, with a full Staff and a still considerable number of patients, that those responsible for medical education turned for help.

Your Board desires to pay a warm tribute to those members of the Honorary Medical Staff who co-operated so willingly in becoming responsible for the teaching of students, and it is only fair to pay a tribute to the students themselves who rendered great service in the early days of the emergency and throughout have entered into the new conditions with zeal and courtesy.

When the Government decided, towards the middle of December, that they were no longer justified in maintaining the "student dresser" system—in the sense of paying the cost of their accommodation in billets—the Medical College asked the Hospital to continue to take their students, as they were in fact, receiving most valuable instruction.

OBITUARY.

Alderman H. A. Dowsett, Mayor of the Borough, died in the Hospital—in the Dowsett Ward—on 26th August, 1939.

His death was unexpected and all the more tragic as it took place at the time of gravest crisis. He was the Chairman of the New General Hospital Fund from its inception to the time of its amalgamation with the Victoria Hospital under the title "The Southend-on-Sea General Hospital." As an Honorary Treasurer, Chairman of the Board in 1934-1935, as Chairman of the General Purposes Committee and in many other capacities Alderman Dowsett served the Hospital with distinction and gave the Board the benefit of his wide knowledge and administrative experience. He will be sorely missed from our counsels, but his name will always be associated with the Hospital.

Mrs. Henry White died early in January, 1940. For more than 40 years Mrs. White had served the Hospital cause in the Borough and District, but she will be remembered chiefly as an invaluable Chairman of the Hospital Linen League. The Hospital has lost a loyal and valued friend.

HONORARY MEDICAL STAFF.

Sir William Wheeler, Honorary Surgeon, resigned his post in June last. In view of Sir William's eminent position in the

profession and in recognition of the services he had rendered to the Hospital since its opening, he was appointed Honorary Consulting Surgeon.

By the death of Mr. Wilfred Trotter, the Hospital lost its Senior Consulting Surgeon, and the profession one of its most distinguished members. Mr. Trotter took a keen interest in the Hospital, attending to give a lecture, and contributing to the various Staff publications.

Dr. J. N. O'Reilly, Honorary Pediatrician, resigned in October. Dr. O'Reilly rendered splendid service for several years, and it is sincerely regretted that indifferent health compelled him to relinquish his post. It is not proposed to fill his place for the time being, but the Board is satisfied that there is scope for such an appointment in normal times.

Several members of the Staff are serving in the Emergency Medical Service or in the Army, and have been given leave of absence while serving. They are Major J. H. T. Challis, Dr. Vernon Hall and Dr. H. Cecil Bull.

NURSING STAFF.

The Nursing Staff averaged 117 throughout the year, and in spite of the outbreak of war, lectures and tuition have continued uninterruptedly. There were few senior changes last year.

Miss Houlding (Sister Victoria Ward since 1932) was our first Sister to be called to the T.A.N.S. on December 27th, 1939. She is now serving overseas.

Miss C. Wood, S.R.N., S.C.M., was appointed to the charge of Victoria Ward.

Twenty-two probationers entered for training. Hospital Examinations were held in May and September, 1939, and the Honorary Staff very kindly examined as in previous years.

Dame Joanna Cruikshank, D.B.E., Matron in Chief to the British Red Cross Society, presented prizes on June 10th, 1939. The Matron gave her report on the work and progress of the

Nursing Staff, and thanked the Board, lecturers and donors of the prizes. The "Hubbard" Gold Medal was presented to Staff Nurse Stella P. C. Fletcher. The "Saunders" Silver Medal (for the first time) was presented to Staff Nurse Cicely A. Green.

The Nursing Staff efforts and stall raised the sum of £100 11s. 5d. for the Ladies Working Party Bazaar. Egg month produced a record of 31,232 eggs of which 27,388 were later preserved. In spite of the war, a Pound Week was held before rationing began, and a splendid collection was given by our friends—£39 3s. 9d. in money, and about £50 of goods. In particular 575 lbs. of sugar was greatly appreciated.

In September the war caused many changes, and several additions to the Nursing Staff were made, as London Hospital Nurses were transferred to this Hospital.

Sport and other recreations have been enjoyed as usual, with some limitation owing to the blackout.

The health of the Staff in 1939 was quite good.

THE PROVIDENT FUND.

Detailed statements of account are given in this Report.

It will be remembered that in 1938 an amount of £1,211 being accumulated reserves under Extra Hospital Benefits, was taken into the account, which brought the nett amount handed to the Hospital to £8,311. During 1939 the contributions increased by £640, but the outgoings decreased, and the Hospital received £8,278, which is only £33 less than in 1938. This is by far the most successful year in the history of the Fund.

War conditions are likely to have an increasing effect upon the membership of the Fund, but every effort will be made to maintain the present position.

The third Rally of members was held in March at the Astoria Cinema, and the fourth will be held on March 31st, 1940, at the same place.

The Board desire to express their great appreciation of the efforts of the Group Secretaries and Branch Office helpers, which are more arduous under the present emergency conditions, and to record their satisfaction at the steady progress made by the Fund. This Hospital, and indeed every voluntary hospital, must rely more and more upon the contributory method to secure the necessary income, and it is hoped that the membership will grow rapidly: every Governor who brings this Fund to the notice of newcomers or to those who so far have overlooked its appeal, will be rendering a most useful service.

THE CARNIVAL.

1939 Carnival will go down in local history as the most sterling effort on the part of the Organisers and their host of workers to triumph over the difficulties and doubts of the day. There were many who doubted whether Carnival would begin, and as the crisis developed it seemed certain that it must be abandoned. But to their everlasting credit, the organisers carried on, the public rallied to their support, and a sum of £3,250 was eventually handed over. It was a magnificent achievement. Hospital Staff, medical students and volunteers were stacking sandbags round the Hospital's walls to the accompaniment of the familiar music of the Fete in Chalkwell Park, and indeed many workers came on after the Fete closed at night to lend a hand at the Hospital, as fine an instance of true "voluntary" effort as could be found. This contribution brings the grand total to £64,350 during the fourteen years Carnival has been held in Southend-on-Sea, which we believe is unequalled by any similar series of events in the length and breadth of the country. To everyone who helped in any way whatever we are deeply grateful.

THE ALBERT MARTIN TRUST.

The Trust created by Sir Albert Martin's great gift of an estimated value of £58,000 came fully into effect on 16th August,

and from that time the Hospital received the income from the whole of the investments comprised in the Trust.

Everyone will desire to join in paying a tribute of the deepest admiration and gratitude to Sir Albert Martin, and will recognise the vital part his gift will play in the future of the Voluntary Hospital movement in Southend.

NAMING OF BEDS.

Mr. I. C. Dinkenor gave £500 to name a bed, to mark his appreciation of the cordial relationships that exist with the Jewish fraternity.

The children of the late Mrs. S. E. Wood, gave the sum of £1,000 to name a bed in memory of their mother. This bed is known as the "Susan Elizabeth Wood Bed," and is placed alongside the "Robert Offor Wood Bed" which, in 1934, Mrs. Wood herself named in memory of her husband with a similar gift of £1,000.

The "Neville Chamberlain" Bed was named to commemorate the Prime Minister's efforts to preserve Peace. The tablet was unveiled by Mrs. Chalton Hubbard, who with her husband had played a large part in providing the necessary sum of £500.

To all these generous friends the Board expresses its most grateful thanks.

HOSPITAL SATURDAY COMMITTEE.

Once again—for the third year in succession—this Committee succeeded in increasing the total sum collected. Not since the Hospital opened had it exceeded £500 until this year, when as a result of intensive efforts by the Committee and a host of willing collectors, the sum of £577 was handed over.

In expressing congratulations, and very warm thanks to all concerned, it is hoped that conditions will permit of the same

kind of collection being held in June of this year, and that it may be even more successful.

THE HOSPITAL LADIES WORKING PARTY.

This great effort which culminates every other year in the Bazaar at the Kursaal affords another instance of determined effort overcoming adverse circumstances. It was not to be expected that the proceeds would reach the original target of £2,000, but would they reach £1,000 was the question one asked on the eve of the Bazaar and even during the Bazaar itself. In fact, by a tremendous effort, generously supported in the closing hours by their friends, the Ladies Working Party raised no less than £1,500, and no gift ever came more opportunely. This is an occasion upon which special congratulation should be extended, coupled with the earnest hope that even in these times the preparations for the Bazaar in 1941 will be continued with the same enthusiasm and with the same ultimate success.

THE EMMANUEL COMMITTEE.

Once more this Committee carried out its self-imposed task of raising a large sum in money for the Maintenance Fund, in all £201. In addition a great quantity of gifts in kind for the Children's Ward were presented, including 40 splendid hand knitted bed spreads. It is always a pleasure to refer in this report to work so willingly undertaken and so truly beneficent in purpose.

THE SAMARITAN LEAGUE.

The youngest of the Hospital's auxiliaries, this League has performed splendid service throughout the year, much of which is not capable of statistical description. Every day brings its new problems, and despite the restriction necessarily imposed by the rationing of petrol, much has been done in the transfer of patients to and from the Hospital, who might otherwise fail

to get the treatment they need. To all those who have visited patients in their houses, given their cars for transport or contributed to the Funds, the Board desires to express its warm gratitude.

THE LINEN LEAGUE.

The quietly efficient work of this most practical Auxiliary was carried on without interruption and a record quantity of linen was supplied direct to the Hospital. The increase in the District Branches was particularly encouraging and helped to establish a much needed link between the Hospital and the committees outside the Borough, who look to the Hospital for help. To everyone who shared in any way in this fine effort we are sincerely grateful.

THE ORDER OF FRIENDS.

The war conditions have hit this organisation harder than most, for they rely upon social events in the winter evenings to spread the appeal for new members and new subscribers. But great credit is due to them for having maintained the membership and kept their interest in very difficult circumstances.

BLOOD TRANSFUSION.

In this report a double reference must be made, first to those of the regular panel of donors who have given such splendid service during the past seven years, and secondly to the great number of volunteers who came forward during the year in response to the Government's Appeal for Life Donors. No fewer than 1,297 were examined and enrolled at this Hospital alone. Efficient and adequate blood supply service is regarded by the Government as of supreme importance. On the day war was declared blood was taken from a certain number and stored, and the plans previously made for the blood transfusion service in emergency worked perfectly, thanks to the willing co-operation of the donors, messengers and medical staff.

THE FUTURE.

The Hospital must carry on its work for the civilian population whatever may come about. This is not the first time that the future prospects have been uncertain, but the Hospital has always won through in the end. It is too vital a service, too deep-rooted in the hearts of the people, to be allowed to fail from lack of funds. The Chairman wrote recently to all subscribers asking them to continue their support, and the replies were conclusive evidence of the readiness to do so, even though increased costs of living and taxation reduced the margin available. This is not the time to make plans for big events, or to promote special appeals, but there never was a time when the Hospital could more justifiably plead for sustained assistance. Every advantage will be taken of opportunities to continue or revive Hospital events as circumstances permit, and no organisation or auxiliary will be allowed to lapse.

SERVICES RENDERED.

It is not possible to pay adequate tribute to the many acts of kindness shown to the patients and staff of the Hospital, but among those we must specially mention are :—

The Highlands and Leigh Heath Branch of the Townswomen's Guild who provide and manage the patients' Library.

The Hon. Wireless Officer, Mr. H. H. Burrows, J.P., and members of the Southend Radio Society who originally equipped the whole Hospital with Wireless.

All those, particularly the school children, who contributed to Pound Day, and those who have given stamps, silver paper and many other useful gifts.

Mr. Arthur Keeling, F.R.H.S., who supervises the grounds, including the tennis courts and hockey field.

The Proprietors and Editors of the Local Press.

Mr. J. G. Drysdale, M.A., the Honorary Solicitor.

Mr. H. Langdon Dowsett, F.S.I., F.A.I., J.P., the Honorary Surveyor.

Mr. J. W. Oglesby, the Honorary Box Collector.

All those who helped in any way in the Hospital's A.R.P.

The Honorary Chaplains, the Ven. E. N. Gowing, M.A., Archdeacon of Southend, the Rev. R. Kennedy, and the Rev. Canon P. McKenna, for their labours at all times for patients and staff alike, and to the Choir who assist with the services.

The Ladies who give regular assistance at the buffet in the Out-Patients' Department; those who assist from time to time in the Wards, including the members of the V.A.D. and the British Red Cross Society.

The Civic Guild of Help.

The Ministers and Congregations of the Churches who make an annual collection and render much valued assistance in many other ways.

STAFF.

In conclusion, the Board pay a warm tribute to the good work of the Honorary Medical Staff, the Nursing Staff, the Resident Medical Staff, and the Administrative Staff. Their loyal co-operation and unstinted personal service have done much to maintain the prestige of the Hospital during a very trying year.

On behalf of the Board of Management.

REPORT OF THE AUDITORS OF THE SOUTHEND-ON-SEA
GENERAL HOSPITAL.

We have examined the accompanying Balance Sheet and Accounts of the Southend-on-Sea General Hospital dated 31st December, 1939, and the Income and Expenditure Account for the year ended 31st December, 1939, and compared them with the Books, Accounts and Vouchers of the Hospital and certify that they are correct and duly vouched.

We also certify that to the best of our knowledge and belief the regulations of the Revised Uniform System have been followed. We have verified the holdings of the Hospital in the Securities comprised in the Hospital Endowments, etc., shown on the Balance Sheet.

(Signed) ARTHUR G. WALLER, F.C.A.
N. HALL KEEN, F.C.A.

THE SAMARITAN LEAGUE

The Samaritan League inaugurated in 1934 has for its object "The rendering of such help to the sick poor as shall make it possible for them to get the greatest benefit from Hospital treatment."

The services of the League have been well maintained during the somewhat difficult year, 1939.

The patients transported made 1957 attendances, an average of 163 per month. Grants of money in aid of purchases of surgical appliances have been made to 25 cases, and the Committee have made 133 visits to advise and assist patients on Hospital matters.

Extra nourishment in the form of eggs, milk and butter, etc., has been provided when the income of patients was too limited for them to purchase such items themselves.

Offers of help in this work will be greatly appreciated.

Chairman :
CHALTON HUBBARD, J.P.

Hon. Secretary :
C. G. PEARSON,
80, Valkyrie Road.

Southend-on-Sea General Hospital

Please remember the Hospital in YOUR Will.

The Hospital is not richly endowed, and charitable persons are earnestly asked to contribute to its support by a Gift, by Will or Codicil. Persons so disposed are requested to do so in the following manner, otherwise, from some defect in the Form of Bequest, the Hospital may possibly be deprived of the intended benefit.

FORM OF BEQUEST.

*“I bequeath, free of duty, to the Southend General
“Hospital, Southend-on-Sea, the sum of *.....
“Pounds, to be applicable for the general purposes of the
“Hospital, and I declare that the receipt of the Secretary or
“Treasurer for the time being of the Hospital shall be a suffi-
“cient discharge for the said legacy.”*

There is no finer or more permanent memorial than a Bed named in a Hospital. A sum of £500 will name a bed, and directions should be given to this end in the form of bequest.

* This bequest may be of Cash, Bonds, Stocks, or other Securities.

NOTE.—The Mortmain and Charitable Uses Act, 1891, enables Testators to give by Will to Hospitals and other Charitable Institutions, not only pecuniary Legacies, but also Lands and Property of every description.
